

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am deeply concerned that the FCC might allow the use of cell phones on air flights. In addition to the general rudeness and disregard demonstrated every day of our lives by those who use cell phones, there is ample evidence to prove that cell phone rays in enclosed spaces are harmful to everyone. On top of that, HOW could the FCC not be concerned about the uses that could easily be made by terrorists. I WILL NEVER FLY AGAIN IF FCC ALLOWS CELL PHONES TO BE USED ON PLANES! Please abandon this crazy idea! Flying can be a pleasant, peaceful and relaxing journey. Don't give in to those who would drive the rest of us insane! Thank you for taking the "high road" in the skys!
